Assistant Secretary of the Treasury Charles E. Ooon, was at the Fifth Avenue hotel, New York, on Thursday, and is credited with the remark that the president and Mr. Manning are opposed to further coinage of the silver dollar.

At a meeting of the directors of the Western Union Telegraph company Thursday, Dr. Norvin Green was re-elected president, and Gen. T. T. Eckert, general manager. Colonel Robert C. Lowry, of Chicago, was re-elected a vice president, and made a member of the executive committee.

In the English campaign they are as free in calling hard names as they are in Virginia. Chamberlain says that Chamberlain is a brilliant though transparent fraud, and Chamberlain says that Chamberlain is a goodly but obvious imposture. Chamberlain is much the same among politicians under both a republic and a monarchy.

The gross land sales of the Union Pacific railway for September were 43,203 acres, a decrease from the sales of the same month last year of 1,208,094 acres. The proceeds were \$169,312, a decrease from last year of \$953,936. For the nine months to September 30, the sales aggregated 1,051,844 acres, a decrease from the same period last year of 3,286,338 acres. The proceeds this year were \$2,972,277, a decrease from last year of \$4,536,198.

At New York Thursday descendants of the Huguenots celebrated the bi-centenary of the revocation of the edict of Nantes, Mr. John Jay presiding. After an historic address by Professor Henry M. Baird, Secretary Baird offered a series of resolutions, setting forth the loss to France occasioned by the revocation of the edict of Nantes, and the loss to America; hoping that France, with a more tolerant Christianity would prosper among nations, and showing that separation of church and state was the only true policy of Christian countries.

A Montreal special says: "L. O. David, president of the Real Defense association, says he has received trustworthy information that it is the government's intention to carry the law into effect against Riel. The feeling, he says, among French-Canadians is intense, and with the small-pox and other causes of race feeling, the slightest provocation might cause serious trouble. Personally, he will take no further steps in the matter, and believes the committee will follow this course: holding the government responsible. The government officers here say Riel will be hanged on the 10th of next November."

The Comte de Paris, the head of the present unwarmed French Bourbon dynasty, explains the reason why he issued no manifesto during the recent French campaign. He gives as his reason for abstaining from thus entering into the fight, that it would have been unwise in him as leader of one branch of the conservatives—those who desire the restoration of the monarchy—to attempt to place himself at the head of the entire conservative party, many of whom hold opinions and have many views different from his and those of his followers. The Comte de Paris served in the Union army as a volunteer during the civil war in the United States. While receiving hard knocks with the other soldiers during that time he evidently got some good common sense also thumped into him.

Ex-Governor Bourn, of Rhode Island, chatted with a New York Mail and Express reporter the other day at the Victoria hotel. Said he: "My state is somewhat agitated over the prospect of a tariff agitation next winter. The business men and manufacturers have an undoubted fear that a revision might be more inimical to their interests than at present. They want a definite settlement of the tariff question before business will revive. Trade is always sensitive, and lack of confidence prevails just on account of the uncertainty of the future rates of tariff. Cotton goods have consequently declined in prices. The manufacturers are making no profit. The woolen trade is much better."

"You have no political excitement?" "No, not until the next gubernatorial election, which takes place in April. Governor Wetmore will be elected a second term."

The republican convention to nominate state officers met at Huron, Dakota, on the 22d, with 200 delegates representing 57 counties in South Dakota in attendance. The prevailing sentiment was decidedly in favor of division before admission to the Union. Arthur C. Millette, of Codington county was nominated for governor by acclamation; A. E. Frank, of Lawrence county, was nominated for lieutenant governor on the second ballot. Hugh S. Murphy, of Brookings county, was nominated for secretary of state by acclamation; Frank Alexander, of Campbell, for auditor; D. W. Diggs, of Grant, for treasurer; Major Robert Dillard, of Bon Homme, for attorney general; A. Sheridan Jones, for superintendent of public instruction; General Bialdo, of Yankton, for commissioner of schools and public land; congress Theodore Kanoos, of Sanborn, and O. H. Gifford, of Lincoln, for judge of the first district; D. Carson, of Deadwood; second district. Major A. G. Kellam, third district; E. Bennett, of Clark.

## COMPLETED THE COUNT

THE OHIO SENATORSHIP NOW IN THE COURTS.

HAMILTON COUNTY GIVES THE DEMOCRATIC CANDIDATES A MAJORITY, ON THE FACE OF THE RETURNS—PROCEEDINGS BEFORE JUDGE BUCHWALTER.

CINCINNATI, Oct. 23.—Fully half an hour before the time for opening Judge Buchwalter's court Thursday the room was crowded with people. At the attorneys to be called W. M. Beaman and Gen. Noyes, on one side, and ex-Congressman M. Jordan on the other. At precisely 10 Judge Buchwalter took his seat and ordered the issue of a mandamus to the two Democratic judges to put under cover and seal the returns of President E. V. Elliott, on one hand, and to Clerk Dalton, on the other. He stated that the issue of the mandamus does not indicate what is the duty of Clerk Dalton as to what disposition he shall make of the returns thus returned to him. Mr. Beaman gave notice of appeal to the circuit court. At the conclusion of the mandamus proceeding the petition came up to make permanent the temporary restraining order issued last Wednesday evening forbidding Clerk Dalton to deliver certificates of election to the four Democratic candidates of the Ohio state senate. Counsel for the Democrats insisted on the injunction being dissolved forthwith. Counsel for the Republicans asked that the hearing of the petition be deferred until the circuit court shall have heard argument on an alternative writ of mandamus to Clerk Dalton, filed in the morning, instructing him what are legal returns for him to receive and canvass, and forbidding him to issue certificates to any senatorial candidates till after the decision of the circuit court shall be had.

The attorneys for the Republican candidates were fearful Thursday morning that Clerk Dalton would issue the certificates of election to the Democratic senators before service could be made on him and the two assisting clerks of the papers in the mandamus proceedings before the circuit court. These papers were served at 1:45 p. m., and the circuit court was called at 2 p. m. The decision of the mandamus proceedings before the circuit court, a certificate of election issued by Dalton after service of the papers in the mandamus proceedings would be worth the paper on which it was written.

The circuit court convened at 2 p. m. Judges Cox and Swing present. Dr. W. M. Beaman appeared for the Republicans, and John Elliott for the Democrats. Mr. Beaman, speaking in behalf of his colleagues, set the case for hearing at 10 a. m. Monday next.

Judge Buchwalter, in deciding the mandamus case, for that purpose, said that as the circuit court, in the mandamus proceedings, did not witness the count the court could not compel him to certify to its accuracy. The other judges had made a count and had delivered their returns in an improper form. He would require them to present their return in the usual and proper form, taking care to show the date at which it was made. As to the proof of fraud, the court said the fact that sixty-nine more votes were cast than that the first congressional would give John R. McLean a working chance for the United States senate. The second would leave him no show, but would insure the selection of the Republican. The mandamus proceedings complete makes Hoadly's plurality 653. Kennedy (Republican), for lieutenant governor, has a plurality of 734. M. F. Wilson has the highest vote for senator on the Democratic ticket, 31,374, and Richardson the highest on the Republican ticket, 31,431. Hardacre is the lowest on the Republican ticket, having 24,115, and Bradshaw, on the Democratic ticket, 34,384. For representatives the returns are not so great, but the Democratic figures are all higher than the highest Republican vote.

**Ferd Ward and Warmer.**  
New York, Oct. 23.—The court of oyer and terminer today heard the case of Ferd Ward and Warmer. The trial of Dick Short for attempting to carve Capt. Thomas Peblan, of Kansas City, as it was Thursday at the beginning of the trial of Ferdinand Ward. Not more than one-third of those who were anxious to witness the proceedings succeeded in securing admission. An officer of the court stood at the lobby entrance behind a stout oak door and permitted few to pass him who were not the first to get in. The trial, when Ward was brought into court he betrayed no nervousness and took the situation philosophically. The first move was the withdrawal of the plea of not guilty and an attempt to set aside the indictment on the ground that it was defective in containing two distinct offenses. The demurrer was overruled, however, and the work of selecting the jury commenced. Resulting in two jurors being obtained before adjournment for the day. W. S. Warner was arraigned before United States Commissioner Shields on a charge of conspiracy with Ward in defrauding the United States of money. Various bonds were identified, and the case adjourned until Saturday.

**Missionary Alliance Meeting.**  
ROCHESTER, N. Y., Oct. 23.—The International Missionary Alliance held its sixth annual convention here Thursday. There were present 387 delegates from thirty-two seminaries of different denominations. Rev. Dr. A. H. Strong delivered an address on "The Missionary." In the evening Rev. P. S. Hanson, D. D., of Chicago, addressed a large audience. At the business meeting E. W. Work, of Lane seminary, was elected president, and John F. Scott, of Union University, of Chicago, secretary. The convention adjourned on Friday morning. H. A. Ramaker, of Rochester, Baptist; and E. W. Stapelkamp, of New Brunswick, Reform church, were elected permanent secretaries. The convention met on the 22d, and adjourned on the 23d, at the next place of meeting.

**The Latest Illinois Mob.**  
WISCONSIN, Ill., Oct. 23.—Fred Holter, who was shot by a mob here Tuesday morning, died of his wounds Wednesday at 9 o'clock a. m. When he was crossed for burial four shot wounds were found in his back. These wounds were not discovered by the physicians who attended him. He died receiving the innocent of the crime for which the mob killed him.

**Death of a Prominent Coal Operator.**  
SHAMOKIN, Pa., Oct. 23.—Capt. Harry Morgan, one of the most prominent operators of the anthracite coal region, died at his home here Thursday morning, after two weeks' illness.

**Some Folks.**  
Have much difficulty in swallowing the huge old fashioned pill, but any one can take Dr. Pierce's Pleasant Laxative Pills, which are composed of highly concentrated vegetable extracts. ## JAY GOULD FINDS FAULT.

Meeting of the Subscribers to the Grant Fund—Final Disposition of the Money.

New York, Oct. 23.—At the meeting of subscribers to the Grant \$300,000 fund, held Thursday in Oliver Hoyt's office, Jay Gould, one of the subscribers, found fault with the managers of the fund. He said he would like to know why he and other subscribers had never been notified of a meeting nor invited to take part in the management of the money. He thought the fund should have been invested in government bonds, and advised that it be so placed now. Mr. Hoyt explained that the investment in Washah bonds was made at the urgent solicitation of ex-Governor Morgan. It was against the judgment of the trustees to buy the bonds on their merits, but upon Mr. Morgan's guarantee the interest they received \$100,000 in the Washah bonds was kept locked out on call. As a matter of fact the fund never amounted to \$300,000. One \$5,000 subscription and several smaller ones were never collected. Interest was sometimes allowed to accumulate, or first, but after the Grant-Ward failure, Gen. Grant asked for the interest amounting to \$700 or \$800, and it was paid him. Part of the money not invested in Washah bonds was put into Nickel-Plate bonds. Mr. Hoyt stated to state that he was as much responsible as Mr. George Jones was for these investments. The trustees had acted as they considered best. He had himself made up deficiencies caused by default in interest.

Henry Day, an executor of the Morgan estate, argued that the investment in Washah bonds was a good one; that the interest was higher than on government bonds, and the guarantee of the estate made the fund pretty safe. Mr. John T. Terry, a trustee of the fund, stated that the deficiency amounted to \$250,000. Mr. Gould said that he and Mr. C. P. Huntington stood ready to pay their share to complete the fund, making it \$250,000.

Mr. George Jones said he was heartily sick of newspaper attacks on him in connection with the fund. He did not wish to have the onerous care of its management any longer. He put in a written statement of his transactions as trustee and requested to be released from further obligations. A resolution offered by Judge Noah Davis was then agreed to by Mr. Jones, who held proxies for seven-eighths of the subscribers, and was adopted. It provided that the fund shall be placed in trust with the United States Trust company, the interest to be paid to Mrs. Grant during her life, then to the children of Gen. Grant, and after their deaths to be distributed to their children per stirpes and per capita. Judge Davis and Mr. Henry Day were appointed a committee to prepare the necessary documents for the legal transfer of the fund in pursuance of this resolution. The meeting then adjourned to reconvene upon notice of the completion of the documents.

## NO MERCY FOR REBEL RIEL.

The Privy Council Decides Against Him—Apprehensions in Canada.

LONDON, Oct. 23.—The decision of the privy council in the Riel case is that the council does not deem it proper to interfere in behalf of the prisoner. The Daily Telegraph says upon the subject: "Upon the whole, Thursday's judgment is so upheld by reason and common sense from lawyers of such undoubted authority that it may be assumed to cover the question of the case to the end of the chapter. Riel can't complain if Canada is now the master of the situation and exacts the last penalty."

New York, Oct. 23.—A Montreal special says: "L. O. David, president of the Real Defense association, says he has received trustworthy information that it is the government's intention to carry the law into effect against Riel. The feeling, he says, among French-Canadians is intense, and with the small-pox and other causes of race feeling, the slightest provocation might cause serious trouble. Personally, he will take no further steps in the matter, and believes the committee will follow this course: holding the government responsible. The government officers here say Riel will be hanged on the 10th of next November."

## BROKEN OUT AGAIN.

Rioting at Hot Springs, Wyoming—Chinese Driven to the Hills.

OMAHA, Neb., Oct. 23.—News was received at the army headquarters in this city Thursday of a fresh outbreak and occurred at Rock Springs, Wyo. T. the scene of the recent anti-Chinese riots and massacres. The town, which was attacked was about three miles from Rock Springs. The town was occupied by about thirty Chinese. Pistol shots were fired and clubs and stones brought into action, the whole scene being intensified by the howls of a desperate mob. The mob killed the hills where they remained overnight, half-dead, arriving at the military camp Thursday morning nearly frozen. The Chinese were section men employed on the Union Pacific.

**The New Orleans Council in Jail.**  
NEW ORLEANS, La., Oct. 23.—Two weeks ago Judge Richter issued a mandamus to the city council to provide for payment of certain witness fees. At the next meeting of the council they failed to do so, and were cited to appear for contempt. All disclosed intention to disobey the order of the court, and action was suspended. Wednesday evening commitments were made out, and Thursday Councilmen Rainman, Brannan, Cary, Carroll, Lord, Mulien, Paterno, and Winn were sent to prison for ten days and fined \$50 each for contempt. They have applied to the supreme court for a writ of prohibition. Chief Justice Bernard passed upon writ of prohibition, at 2:30 o'clock p. m., ordering the release of the councilmen upon their parole, and setting Nov. 2 for a hearing of the case on its merits.

—The rink will be open every morning, afternoon and evening after the opening Saturday. Admission, morning, 10 cents; afternoon and evening, 15 cents. Skates or use of surface, free at day services. Regular band nights, Tuesdays, Thursdays and Saturdays.

—The chief engineer of the fire department received a letter from the Silsby Manufacturing company this morning, stating that the horse carriages for this city were shipped from Seneca Falls, on the 21st inst. They will probably reach here the last of next week.

—Mr. and Mrs. August Lutz, South Academy street, fourth ward, mourn the death of their little daughter Clara, aged fifteen months, which sad event took place yesterday morning, her fatal illness being long. The funeral will be held at the house at two o'clock to-morrow afternoon.

For to-morrow only—We offer 25c ladies' minko underwear at 29 cents. This a great bargain, silk bound and stitched, cost \$4.00 dozen, and are equal to many goods sold at 50 cents. We wish to give extra zeal to the Saturday trade, therefore name the low price (25c) for one day only. N. Y. SAYING STONE.

—Members of the old Eleventh Wisconsin volunteers are requested to send their address to Major C. G. Meyers, Madison, Wis. It is intended to hold a reunion of the survivors of this old regiment some time next year, and the promoters are desirous of learning the addresses of every surviving comrade.

We have from fifty to seventy five trimmed hats and bonnets, which we want to close out to-morrow morning. We wish to make a fresh start in our work room Monday morning. We shall mark the entire lot fully one-third off regular prices. This is an opportunity of which every lady needing a fall hat or bonnet should avail herself.

—The manufacture of fine guns in this city is a new departure but the results so far have been good and the enterprise will probably be pushed. F. P. Stannard is the new manufacturer and his first attempt was on a fine hammerless gun. It has barrels of Damascus steel and is a solid serviceable weapon. While not made for show it is very highly polished and compares favorably with those sent out from large manufacturing.

—A bay mare—very fine—light road wagon and a harness, the property of Mr. Michael Shepherd, better known as "Dick" Shepherd, for many years the popular foreman at Rogers & Hutchinson's paint shop. Mr. Shepherd, having been out of health for some years, has concluded to dispose of the above named property by public sale. Mr. Sumner Herriek has charge of selling the tickets, and everything connected therewith will be conducted on the square and for the pecuniary benefit of Mr. Shepherd.

—The Milwaukee Sentinel of this morning publishes the following: "Evan G. Thomas, one of the best telegraph operators in the city, died at his home on Third street yesterday afternoon, from Bright's disease, after a prolonged illness." Mr. Fred Cronse, of this city, a brother-in-law of Mr. Thomas, received a dispatch last evening from his sister stating that her husband was very low and sinking rapidly. Mr. Cronse, not receiving notice to-day, discredits the Sentinel's report. Mr. Thomas is well known here, where he resided for upwards of twenty years.

—The oak which the W. H. Sargent Relief corps had on exhibition at the post rooms Wednesday night attracted much attention. When it was known that whoever made the best guess at its weight should be its future owner, there was considerable fun and many guesses were made and the result was declared to be a tie between George Phelps and City Marshal John Hogan. It was then proposed to toss for it, and Marshall Hogan came out ahead. He cut the cake last night before a large audience of constables and night police, opening out to their vision two large well conditioned ooble stones, surrounded by a little dough and frosting. Scientific Farming.

A Series of Farmers' Institutes Under the Auspices of the State University.

When and Where to be Held—List of Speakers to Entertain the Grangers.

[From the State Journal]

W. H. Morrison, director of farmers' institutes, is busy performing the programme for the present season. The law of last winter, providing for the institutes, made an annual appropriation of \$3,000 with which to carry out its provisions. Mr. Morrison thinks that he will be able to hold thirty institutes the present season, and still not exceed the appropriation. The farm committee of the board of university reports, which has general supervision of the institutes, thought that only about sixteen could be held; but Mr. Morrison, being a practical farmer, is proceeding in the economical manner characteristic of the careful agriculturist, and will exercise such economy in various directions that he will be able to hold thirty institutes. He has been able to secure the greater part of the lecturers gratuitously, so far as compensation for lecturing goes, and the railways of the state have generously signified their willingness to issue trip-tickets to convey the various lecturers from their homes to the place of holding the institutes. Mr. Morrison will endeavor to have the lecturers entertained gratuitously by the residents of the places favored by the institutes, and has no doubt but that the people will gladly respond to any request for entertainment made upon them. Wherever institutes are held, heated and lighted halls will be provided by those interested locally, and thus Mr. Morrison hopes to avoid in a very great measure many of the expenses which would, under ordinary circumstances, accrue to holding the institute. His advertising expenses will be reduced to the minimum, for the reason that most of the advertising will be done independent of a printing office. Mr. Morrison is a genius with his pen, and intends to print with a jolly-pai, brightly-colored posters, embracing simply the words, "farmers' institutes" at the top, and the place and date at the bottom, with a ludicrous cartoon in the middle. One of these cartoons will represent "working out the road-tax," and will show a number of men, engaged in playing cards, sleeping, etc., on the wayside, with picks and shovels lying about, when they should instead be working out their road-tax. Another cartoon will show the road completed. It has been improved (?) by the erection of a turnpike so narrow that wagons in case, while in others the drivers are forced to cautiously lead their teams along by the bridge. The cartoons give one a pretty good idea of the system employed in securing country roads, and will strike the farmers throughout the state as being very funny.

Institutes will be opened the latter part of November and will be held till the last week in March. The full programme has not yet been arranged. Mr. Morrison will be present at all the institutes and act as their conductor. The following is the programme of the institutes to be held prior to January, with the names of the lecturers:
